

SIBELIUS CHEAT SHEET

Keypad: Use this to change the rhythmic value you would like to enter or to add flats, sharps, and naturals.

Transport: Use the transport panel to control playback of your piece.

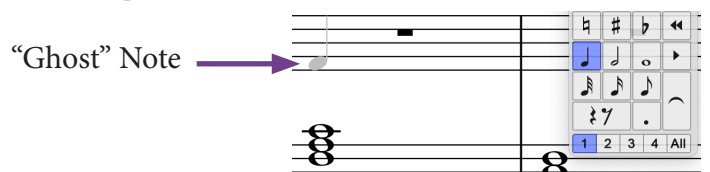

Did your keypad or transport panel disappear?

View → Panels → Check the box for whichever panel you need.

Note Entry

- 1.) Click on the note value in the keypad.
- 2.) The “ghost note” will appear.
- 3.) Place the ghost note on the desired line/space and click. Ghost notes should be placed where there is a rest that you would like to replace.
- 4.) To exit note entry mode, press “escape” several times.

Saving Your Work

- 1.) Press the purple "File" button in the upper left corner.
 - choose "Save" to save the file with the existing name
 - choose "Save As" to save the file with a new name.
- 2.) Choose the Desktop or the Downloads folder as your destination.
- 3.) Click "Save."
